

MIAMI
Public Schools

collaboration · high expectations · excellence · integrity · maximize learning

May 15, 2019

Dear Residents of Miami Public School District:

Wow, Awesome, Thankful, Blessed. Mere words are not enough to describe my excitement and pride in yesterday's election results. Excitement for the journey this allows us to take and pride in your show of support. Thank you for saying "yes" to our students, their safety, our school district, and to public education in general. Thank you to parents, community members, local enterprise, Enrichment Foundation, and school staff for your "yes" to a continued partnership as we prepare our students for success. This is truly a victory for the district and the community. I thank you for the trust that you place in us every day, and for your willingness to continue making this local investment in education.

I also want to express my sincere appreciation to our local Board of Education, absolutely some of the best people you will ever come across. Their input and support of our vision from the very beginning was a major difference maker in yesterday's outcome. They informed and inspired friends and neighbors throughout this process. Like our administrators, teachers, and staff; they are difference makers, every single day!

In the very near future, we will see ground breaking on construction projects. These will be visible signs of progress. However, the long-term impact on our students and our community will be felt by future generations of Wardogs for years to come. The School Board and I pledge to work diligently in the coming months to be good stewards of the funds that you, the voters, have entrusted to us.

I want to challenge you to remain involved with the district throughout every school year. Your creativity, commitment, and compassion are invaluable assets to our schools and to our students. Our district's gains over the past few years are due in large part to the investments our parents, faculty, staff, and volunteers make in our students every day. We need your support more than ever to sustain the honor and tradition of an excellent school system where "It Means Something to be a Wardog".

Again, I want to express my sincere gratitude for your overwhelming show of support in the passage of the May 14, 2019 bond issue. Miami Public Schools will continue to strive for excellence, equipping our students with a wealth of knowledge, tools for success, and a passion to follow their dreams as we send them off to be successful, productive citizens of our great country, engrained in "The Wardog Way".

Sincerely,

Jeremy Hogan
Superintendent
